It's All About Developers

It's All About Developers

- 2012 is a key year for Red Hat in engaging with developers
- Continued investment and focus on Red Hat APAC. Based on the Q3FY12 financial results, 16% of bookings come from APAC.
- China and India are Rising Technology Powerhouses, with the hottest global growth areas in these 2 regions.

Developers Activities Thus Far

- India is a hot-bed for open source community development and is second only to the USA in open source contributions to the Fedora project.
- Red Hat, in association with College of Engineering, Pune (COEP) hosted the world's biggest **Fedora Users and Developers' Conference (FUDCon) 2011** in Pune, India.
- There are plans to take FUDCon around the APAC region.

And

Today

We
